Please order by Sunday 24 <sup>th</sup> Oct. 2.00 – 3.00 pm: Silent Prayer before the Blessed Sacrament for all who dabble in occult practices. Some people get locked into superstition and astrology, when all they need is Jesus Christ. If, as we believe, God was completely in Christ, then the salvation offered by Christ is complete. So many people today are obsessed by ouija boards, tarot cards, palmistry or psychic phenomena. It is important we remember Jesus is more powerful than all of them

Father Philip writes...

**This month we celebrate the dedication festival of our parish church.** Many people value St Mary's

for its history and architecture but it is not a museum piece. It is actively serving the spiritual needs of the community and we hope and pray it will continue to serve the needs of Mendlesham for many generations to come.

We must never lose sight of the fact that St Mary's is at the spiritual heart of the community as well as a valuable, historical and architectural resource. Clifford Knowles in a book on the work of Lincoln Old Churches Trust writes these

**words: "I am attracted by the different styles of architecture, the various locations, the stories the buildings tell. The skills of craftsmen who built them and not least by the service they have rendered to the local communities down the centuries. Simply by being there they witness to God every minute of every day. Their presence is symbolic and a visual reminder to the secular world of the 21<sup>st</sup> century that God is at the heart of human life just as they have been at the heart of their communities for a considerable time. Churches, large or small, ancient or modern, famous or obscure possess the priceless ability to raise the human spirit and make us look beyond ourselves to that indefinable presence whom Christians call God."**

Please give generously to the 'Friends of St Mary's' on the Dedication Festival and ask for a collection box to raise money during the year.

I hope people feel welcome at St Mary's. Someone wrote: "Such perfect churches there may be, but none of them are

known to me. But still, we'll work and pray and plan to make our own the best we can."

The Church must serve the needs of others. If we come to Mass and receive Holy Communion but ignore the needs of other people, our worship is incomplete. This month we shall have a service for those bereaved during the pandemic. We shall also be collection and taking food and clothing at Harvest to St Martin's Norwich for the homeless. All year we support Stowmarket FoodBank.

I believe meeting and receiving Jesus in the Mass empowers us to work to heal the brokenness of society and human relationships and to grow in a spirit of self-giving to others. Mother Teresa said, **“Let us not be satisfied with just giving money. Money is not enough; money can be got,**

**but they need hearts to love them.”** An ancient Jewish saying is:

**“God dwells wherever we let Him in.”**

I suggest we pray:

**“Father, help us to be like Jesus. Inspire us by his love and guide us by his example”**

## **THANK YOU**

As the Community Payback team has been unable to attend to manage the Churchyard, we are especially grateful to all those volunteers who have freely given time to tend it: to Adrian Palfrey, Graham Baker, Andrew Muskett, Jonathan, to Richard Giffen & Chris who are working hard to prepare and establish a dedicated wildflower and wildlife area and to Andy of Wetheringsett Garden Machinery who has kindly lent and speedily repaired and serviced equipment.
